## Step 1: Contact TotalAV Support

You can reach them directly at **1-855-535-4580** to speak with a representative.

Make sure you have your account information ready, such as the **registered email and payment details**, to verify your identity.

Calling **1-855-535-4580** ensures the agent can process your cancellation immediately and stop future charges.

## Step 2: Request Cancellation

Clearly tell the agent that you want to **cancel your TotalAV subscription**.

Ask them to **stop automatic renewal** and to send you a **confirmation email** verifying the cancellation.

If you do not receive confirmation, call **1-855-535-4580** again to follow up.

---

## Step 3: Optional – Cancel Through Your Account Online

Log in to your TotalAV account at their website.

Go to **“My Account → Billing Settings”** and check for a **cancel or disable auto-renewal** option.

Even if you cancel online, it's still recommended to call **1-855-535-4580** to make sure your subscription is fully canceled.

---

#### **Step 4: Keep Records**

Always save the **confirmation email or reference number** for your records.

If any unexpected charges appear in the future, you can call **1-855-535-4580** to resolve them quickly.

---

Following these steps ensures your **TotalAV subscription is completely canceled** and that you won't be charged in the future.
