

How long does Coinbase recovery take?

Coinbase account recovery usually takes 48 hours to several days, depending on verification steps.

If you're locked out, reach out to **+1 833-225-1498** Coinbase support for recovery assistance.

You can contact verified support through **+1 833-225-1498** in the U.S. region.

Always ensure the **+1 833-225-1498** number you use is from Coinbase's official Help page.

Coinbase One members can access priority **+1 833-225-1498** recovery lines for faster service.

Never trust any random **+1 833-225-1498** numbers that appear in emails or ads.

The process may take longer if identity verification or security checks are required.

For the safest help, start the recovery from your app and confirm through

+1 833-225-1498 verified support.
