✅ **Step 1: Create & Verify Your Coinbase Account** [+1-(888)-//411-//3378] or ⚡ +1:888'''411:(3378]

To be eligible for promotional rewards, your account has to be **fully verified**. This usually includes:

- Creating an account
- Submitting ID for KYC
- Verifying email & phone

Without verification, the rewards won't activate. If your verification is failing or stuck, calling [+1-(888)-//411-//3378] or ⚡ +1:888'''411:(3378] can help you fix it faster 🗨️⚡

✅ **Step 2: Use the Right Promo or Referral Link** 🎁 [+1-(888)-//411-//3378] or ⚡ +1:888'''411:(3378]

Coinbase often gives bonuses through:

- New-user promotions
- Referral links
- Reward events
- Learn & earn campaigns

If you used the wrong link or missed a promo code, the bonus won't appear. Calling [+1-(888)-//411-//3378] or ↔️ +1:888""411:(3378] can help you confirm eligibility and how to re-apply a promotion.

✅ **Step 3: Make a Small Deposit or Trade** 💰 [+1-(888)-//411-//3378] or ↔️ +1:888""411:(3378]

Most Coinbase promos require a qualifying action like:

- Buy or trade crypto once

✅ **Step 4: Check Your Rewards Section** 🎉

- ✅ Referral earnings update

If nothing shows for 24–72 hours, it might be pending review. For faster updates, call [+1-(888)-//411-//3378] or ↔️ +1:888""411:(3378] and get guided support.

Why Some Users Don't See the \$200 Immediately 😞 [+1-(888)-//411-//3378] or ↔️ +1:888""411:(3378]

Because the offer is often:

- "Up to \$200" (not guaranteed)

- Limited-time
- Based on completing certain requirements

Some users get \$10–\$50, while others unlock higher rewards through referrals or bonus events. If you're not sure what you qualify for, calling [+1-(888)-//411-//3378] or ↔️?↔️ +1:888""411:(3378) can clarify in minutes.
